

Metz Medio II - black with internal motor

Item number: 423.46.3152.2

€ 3.077,63

EAN: 5703347532870

A++

Modern aesthetics and advanced efficiency come together in the black Metz Medio II ceiling extractor hood from Thermex. Stylish design, advanced technology, and almost silent operation create the perfect kitchen environment.

Metz Medio II from Thermex is a ceiling-integrated extractor hood that combines effective ventilation with stylish design. It is made of black-painted steel with an elegant black glass door and features two grease filters and four LED lamps. The unique feature of Kelvin-adjustable light offers the possibility to customize the color temperature of the lighting, giving the user the freedom to create a warm, cozy atmosphere or a cooler, white illumination as needed. Cleaning is easy with a glass plate that can be cleaned with window cleaner and filters that are dishwasher-safe. Installation is convenient with a low built-in height of under 20 cm, and the option to remove the glass plate makes it easy for one person to install the extractor hood. The hood offers practical features such as app control via "Thermex Remote" in the App Store and Google Play, as well as voice control via Google Assistant, enhancing user-friendliness. Operation is elegant via a remote control with touch operation, giving the user control over suction power and light intensity. Additionally, it is possible to connect Thermex TopLink, allowing the hood to be turned on from any electric hob or oven. The motor is a built-in brushless ECO motor with an impressive suction power of up to 750 m³/h and a low noise level of 44 dB(A), creating a comfortable and efficient environment in the kitchen.

Specifications

| | |
|--|--|
| Minimum airflow [m ³ /h] | 190 |
