A++

Thermex Vertikal Automatic 90 cm in black with motor is the market's most sophisticated and energy-efficient hood that opens automatically when you switch it on.

The **Thermex Vertical Automatic** is perfect for you who want an efficient and quiet kitchen hood that shows that it can do something extra. When you switch on, the upper glass plate opens, so you get extra strong suction through the hood. For each step you turn up, the glass plate opens a little more. Neat and stylish with extra quiet motor (DC motor) and correspondingly low power consumption. In addition, it is also a little extra smart. The built-in engine can produce up to 228 m³/h and as much as 505 m³/h when using the boost function
