A

Thermex London II in black/stainless steel with motor is the market's most unconventional inclined range with strong suction motor and simple glass touch control panel.

Thermex London II has a clear and horizontal glass, which gives an elegant design. London II stands out with its curved glass panel, which gives a more rounded look. It is a reliable product, that gets the job done with high performance, low power consumption (energy class A) and a good sound level. The hood is available in 76 cm width and with black glass. It has three different speeds, boost function and a built-in glass panel for operation. The built-in engine can produce up to 537 m³/h and with the boost function up to 676 m³/h.
