Thermex Metz maxi III strip in white without motor is a minimalist built-in hood that can be hidden in the kitchen or in the ceiling.

Thermex Metz maxi is the largest version in the exclusive Metz series, and is suitable for the large kitchen. [Thermex «All Possibilities» solution](#) means that it can be adapted to all homes and all types of exhaust and ventilation systems, including [Thermex Plasmex®](#).

The hood is controlled by our new smart remote control or automatically via the hob with Thermex [Thermex Toplink®](#). In addition, you can operate the hood via the Thermex Remote app, which can be downloaded for free from the App store and Google Play. In the app, it is possible to adjust the brightness, activate periodic extraction and get an indication of the filter.

You can also use [Voice link](#) the functionality built into the hood. Here you can control the hood with your voice alone via **Google Assistant (Hey Google)**. So there are plenty of options to choose from to operate your Thermex Metz maxi. The three light stripes in the glass plate of the hood provide a pleasant light. The built-in motor can produce up to 562 m³/h. Thermex has several different external motors that suit your mounting situation and budget.
