A++

Thermex Passat II in white with motor is a minimalist built-in hood that can be hidden in the kitchen or in the ceiling. The motor is an energy-efficient Eco motor, which ensures a low noise level

Thermex Passat II is an exclusive ceiling-integrated hood. [Thermex «All Options» solution](#) makes it adaptable to all homes and all types of exhaust and ventilation systems, including **Thermex Plasmex®**.

The hood can be controlled using the included remote control or automatically via the hob with Thermex [Thermex Toplink®](#). In addition, you can operate the hood via the Thermex Remote app, which can be downloaded for free in App store and Google Play. In the app, it is possible to adjust the brightness of the light, activate periodic extraction and get a status-indication of the filter.

The hood comes with [Voicelink](#) functionality built into the hood. These functions allow you to control the hood with your voice via **Google Assistant** ("Hey Google!"). So there are plenty of options to choose from to operate your Thermex Passat II. The ceiling-mounted cooker hood will give an aesthetic look of your kitchen, while keeping your kitchen and associated room completely free for cooking steam using the powerfull motor, which can move up to 750 m³/h.
