Camino ECO II 50cm in stainless steel is a classic and affordable pyramid-shaped hood with a large suction surface, efficient motor, and simple and easy-to-use control panel

Thermex Camino Eco II is our most affordable wall-mounted hood, but it looks more like it costs. If you do not want to spend a fortune on a hood, this model is definitely for you. It has a good effect and a great collecting ability through its classic pyramid shape and a motor with 2 impellers. Camino Eco is a really decent hood, maybe this is why it is one of our best selling models. The built-in motor can provide up to 436 m³ / h
